

Yes! I/we believe in

Yes, we are in our new home but it still is not our own. We have signed a lease with a rent to own option and want to make this our permanent home. Each month we pay \$450.00 in rent. Once we own the house these rent payments will cease, freeing money for other ministry needs. Our goal is to purchase the house as soon as the funds are available to do so. HPC can purchase the house for \$65,000.
